The **TIRANA INTERNATIONAL FILM FESTIVAL (TIFF)** is the first and only international cinema festival of its kind in Albania. Created in 2003, this extraordinary cultural event takes place under the auspices of the **Albanian National Center for Cinematography (QKK)**. This year's competition features four distinct sections:

1. **Feature Film Competition**
2. **Short Film Competition**
3. **Albanian Short Film Competition**
4. **DIGIART - TV Short Film Competition**

All the daily programs of the TIFF festival combine features and short films in all formats and genres: fiction, documentary, animation and experimental. Open to any filmmaker from around the world, TIFF showcases new cinematic work by established directors with international reputations as well as work by talented students and young artists.

TIFF provides time in its daily schedule for classes and seminars with professionals in the motion picture industry geared for Albanian students of the cinema and emerging filmmakers.

On the occasion of this 12th edition of TIFF, four juries comprised of leading film writers, directors and critics will evaluate and then select the best features & shorts with awards presented on the closing night.

Above all, it is the aim of the **TIRANA INTERNATIONAL FILM FESTIVAL** to create a meeting point for film artists and cinema enthusiasts from Albania, the Balkans and the entire world to come together and share their linked passion and knowledge of the motion picture art form.

This 12th edition of TIFF 2014 brings several important changes to its previous years. For the sixth time, TIFF announces a feature film competition along with its prestigious shorts program. During the seven days of TIFF's program, November 3 to November 9 we'll have not only the competing shorts and features but to allow for retrospectives, seminars, classes, press events and special presentations at theatres all over the Albanian capital.

It is the intention of TIFF to bring filmmakers and cinema enthusiasts from all around the world to Tirana, Albania in the hopes of fostering future co-operation in this extraordinarily scenic area.

By bringing together these distinct voices and their work, the **TIRANA INTERNATIONAL FILM FESTIVAL** commits itself to introducing audiences to alternative visions of extraordinary diversity.

Awards will be presented in the following categories:

Other additional awards are to be announced before the festival. All prizes are accompanied with a diploma and festival cup.

#### CONCEPT

For the sixth time now, we here at the **TIRANA INTERNATIONAL FILM FESTIVAL** have cultivated the idea of creating a digital tv channel dedicated to the cinema in general and short films in particular. Using the informative and communicative ability of the television medium, TIFF is able in its 12th edition to offer a TV channel to exhibit the films with awards in all genres. It is our belief that this undertaking will bring the public an easy and accessible way to view and appreciate achievements in the short film form.
