Private BENJAMIN meets M\*A\*S\*H, speaks Hebrew, and keeps kosher. Set in a remote desert military base, a platoon of young women soldiers, all Israeli conscripts, serve out their time playing computer games, singing pop songs, and on spring to get transferred to Tel Aviv –while endlessly serving coffee to the men who run the show. Here's an Israeli film filled with funny, quick-witted, zany women who wield their staple guns like automatic weaponry. If there is a war going on, it's one against boredom, bad uniforms, dopey rules, and doing everything in triplicate.
